

# Bayview Backless Wall Top Bench

Model Number

BVSWTB-6  
BVSWTB-5  
BVSWTB-8  
BVSWTB-10

The Bayview Backless Wall Top Bench is a perfect addition to an urban space where concrete plays a large part in the landscape design. Its low-profile wall top seating on concrete is the modern approach to the traditional bench in these environments. This attractive minimalist design carries a warm and contemporary look in places where concrete walls border a garden or park. The innovative bolt-down design ensures that the bench is well-secured to the concrete while at the same time allowing for easy removal for maintenance.
