

Chat Bench

Model Number

CHBNA-6 (6 ft without armrests)
 CHBNA-5 (5 ft without armrests)
 CHB-6 (6 ft with armrests)
 CHB-5 (5 ft with armrests)

Tradition meets excellence in engineering and modernity, with the Chat Bench, Wishbone's version of the popular traditional bench style. We know that comfort means everything so the rounded leading edges, the slightly tilted angle of the seat, its height and the angle of the backrest ensures that the sitter enjoys a comfortable and relaxing seating experience. The single leg design serves two purposes: to make it unappealing to those who wish to 'borrow' the bench while making it easier for those who must clean in and around it. The powder coated aluminum frame and low maintenance recycled plastic lumber guarantees that this bench will stand the test of time. What's even better is that the bench comes fully assembled, saving time and money! If this perks your interest and you would like to know more, feel free to reach out and we would be more than happy to CHAT about it.
