The Mackenzie Backless Bench combines modern design with functional versatility—crafted to meet the needs of clients looking for stylish seating with custom branding potential. Its clean, contemporary form fits seamlessly into a wide range of settings, from urban streetscapes and parks to educational campuses and commercial plazas. Built to withstand the elements, the bench features a fully welded, marine-grade aluminum frame—delivering exceptional strength, durability, and resistance to corrosion in all weather conditions. The standout feature? Custom branding options on the leg ends, allowing municipalities, institutions, and sponsors to add logos or messaging that enhances community identity and visibility. The bench length is fully customizable, ranging from 2 feet to 8 feet, offering flexibility to suit different spatial and design requirements. With its sleek profile, low-maintenance materials, and personalized touch, the Mackenzie Backless Bench offers a modern seating solution with a bold visual impact.
