

Rutherford Covered Picnic Table

Model Number

RPTFS-6-SRC

A sturdy, integrated roof on the picnic table that has become a standard in parks and on campuses across North America. The Rutherford Covered Picnic Table delivers sun and rain protection without the cost or footprint of a separate pavilion. The same generous six-person seating layout, marine-grade aluminum frame, recycled plastic slats, and stainless-steel hardware as the standard Rutherford — now sheltered by a peaked aluminum roof fitted with super durable UV-stabilized Suntuf® polycarbonate panels in Clear or Solar Grey. One product, one delivery, one install. Pairs cleanly with the rest of the Rutherford family already on site.
