

Rutherford 6ft Wheelchair Accessible Picnic Table

Model Number

RPTWC-6-26

The Rutherford 6 ft Wheelchair Accessible Picnic Table is the newest addition to the Rutherford Series—engineered to deliver true accessibility without compromising seating, footprint, or cost. Traditional accessible picnic tables typically rely on a 2 ft end extension or a shortened seat to create wheelchair access. While functional, both approaches come with trade-offs: larger footprints and higher concrete pad costs, extensions that become makeshift surfaces for BBQs and coolers, or reduced seating capacity when accessibility isn't in use. The Rutherford 6 ft Accessible Table rethinks the solution. Its innovative integrated design accommodates a wheelchair seamlessly while always maintaining full seating capacity. There is no extension and no shortened bench—just a clean, efficient layout that works equally well whether or not a wheelchair user is present. Even better, the table retains the same footprint as a standard 6 ft picnic table, meaning pad size and installation costs remain unchanged. It can be installed directly on existing 6 ft concrete pads, making accessibility upgrades simple and cost-effective with no pad modifications required. The added cost of this accessible design is also significantly less than traditional extension-style tables. Built with the same durable, low-maintenance materials and proven construction as the rest of the Rutherford Series, this table is designed to perform in demanding public environments for years to come. The result: a smarter, more inclusive picnic table that delivers maximum seating, seamless accessibility, and long-term value—without compromise.

Material Specifications

Marine Grade Aluminum Frame
Stainless Steel Hardware
Super Durable Powder Coating
100% Recycled Plastic Slats
Western Red Cedar
Accoya Modified Pine
Hardened Bamboo

Customized Solutions

Custom Powder Coating
(Setup Charges May Apply)
Two Sided Aluminium Chess Board
BBQ Extension One Side
Skate blocks
INST-13 Stainless Steel Bolt-Down Kit

Recycled Content

Recycled Content by Weight: 70%
100% Recyclable

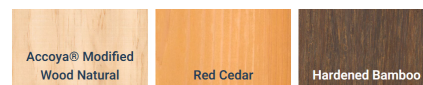

Product Dimensions

Total Height: 30.5 inches / 78 cm
Total Depth: 59 inches / 150 cm
Seat Height: 18.5 inches / 47 cm
Seat Depth: 11.5 inches / 29 cm
Length: 72 inches / 183 cm
Weight: 250 lbs / 113.5 kg

100% Recycled Plastic Lumber Colours

Unstained Natural Wood Alternatives

OVER 30 POWDER COATING COLOURS *Premium powder colours incur a surcharge per item
