DESIGNER NOTES

This all-metal waste receptacle is the sibling to the Urban Form Large Capacity Waste Receptacle. Lighter in weight, this modern industrial version is built with metal sides. The metal can be customized. Wrap with graphics or customize with logos or descriptions on one or all sides. Innovative features such as the keyless hidden door latch system make emptying and cleaning a breeze for any maintenance worker. The 8" opening helps deter locals from emptying their household waste and keeps out water and critters. Go hands-free! This receptacle can be made with or without a foot operated pedal, giving the client a more hygienic option to garbage disposal.
