

Vincent 2 Space Bike Rack

Model Number:

VBR-36

Designer Notes

The Vincent Bicycle Rack is the perfect solution for storing your bicycles in a safe and stylish way. Made with the finest materials, this rack is available in marine grade aluminum or corrosion-resistant stainless steel to suit your preference.

The Vincent Bicycle Rack boasts a sleek and modern design that not only secures your bikes but also adds an element of style to your space. The rack features bumpers made of either wood or recycled plastic that ensure both the rack and your bicycles are protected from scratches and dents.

With a 2-space design, the Vincent Bicycle Rack is highly versatile and convenient. You can easily add or remove rack spaces based on your needs, making it a great choice for any season. During the summer months when you have more bicycles to store, simply add more rack spaces. During winter months, the rack can be easily disassembled for snow removal.

The Vincent Bicycle Rack is perfect for municipalities, apartment complexes, offices, and other locations where bicycle storage is necessary.
